Everything about Rustic Crust was exceptional. From the booking process, to planning and the actual day, they made it an stress-free experience for my husband and I and provided an outstanding service. The food was incredible and beautifully presented. The vegans were incredibly impressed with how much food was available to them as well. All I can say is a huge thank you to Rustic Crust for making our day so special, they were an integral part and we are so grateful to them. Thoroughly recommend

The Rustic Crust were absolutely fantastic- the communication was outstanding from enquiry to our wedding day and most importantly the food was absolutely incredible. We had so many amazing comments about the pizzas and cannolis, as well as how friendly the service was on the day! We couldn't have asked for a better food supplier!

Camille was so attentive with organising catering on our wedding, she went above and beyond with check ins and organising our menu, even when we wanted to customise our own. The food as always was just amazing and everyone raved about it and the options.

We chose Rustic Crust for our wedding as we wanted to be different, have an informal day, no sit down meal and for our guests to feel relaxed! Camile was brilliant, she answered all our questions and gave us some great ideas (Cannoli's for canapés!). The food was amazing and there was none left at the end (much to mine and my wifes disappointment as we wanted leftovers to take home!). Due to a medical incident on the day, Rustic Crust kept going for longer so everyone got to eat which was lovely

The Rustic Crust will always hold a special place in our hearts. The first time we tried their pizza, we joked that if we ever got married, they'd cater our wedding. Ten years later, that dream came true! Our guests couldn't stop raving, with many saying it was the best pizza they'd ever had—even our pizza-loving Italian friend was impressed. Clemmie was fantastic throughout, making everything stress-free and perfect for our day.

Camille and Ross were absolutely amazing to work with in preparation for our beautiful day. The ordering and option process was so easy and self explanatory, and Camille was always a phone call away if I needed her; nothing was ever to much trouble. On the day they turned up with no hassle and just got on with setting up the beautiful Poppy. The food was out of this world and we've had nothing but compliments. Was nice to receive a wedding card off them, it's the little things.

Cannot recommend the rustic crust enough. The loveliest people to deal with from start to finish. We wanted some canapés before our main meal, this was not something they had done before but they created us some and they were amazing. The pizzas are incredible, great selection of toppings and accompaniments. No one went hungry and all the guests commented on how nice it all was. There were even leftovers for me to eat in bed in my wedding dress afterwards!

The Rustic Crust catering our wedding, was honestly one of the best decisions of the entire day. From start to finish, they brought an energy, warmth, and professionalism that made everything feel seamless, while delivering delicious food that our guests are still talking about. We opted for their wood-fired pizza buffet, and it was nothing short of spectacular. The aroma of pizzas baking in their oven created such an inviting atmosphere, and the vibe Ross and Camille create is an absolute joy!

The Rustic Crust was an incredible supplier at our wedding. They arrived very early to set up, were very kind and helpful all the way from initial booking to when they left the venue at the end and contacted us all the way through the process to keep things running smoothly. The owners and staff were so lovely and kind on the day. We loved talking to them. The food was divine and even picky eaters loved the food. We're still being contacted about how good the pizza was a week after the wedding.
